Dear Parents,

Greetings!

Subject: Regarding School Discipline & Decorum

Discipline is the most important aspect of student life and habits developed during the foundation years play a major role in deciding one's course of life. Parents being role model for their children need to be mindful of setting high standards of behaviour for children as it plays a vital role in shaping their character. There are certain observations lately which we would like to share and solicit your co-operation to maintain discipline and decorum at the school.

1. A few students are habitual late comers and hence miss out on morning assembly which is an important part of daily school schedule. Kindly make sure that your ward is well rested, well fed and ready for the school and reach on time.

2. Issues arise outside the school campus during the **celebration of birth day party, get together, family gathering, outings organised by students / parents, issues at tuition centres, private classes, group study classes etc.** should not be brought to the notice of the school authorities since all such gathering / meetings happen without the consent of the school. Therefore Parents are requested not to bring such issues to the teachers and the school management. Here after **school will not entertain such matters and the school will not be held responsible for such matters.**

3. The school is not responsible for goods lost. Do not bring valuable pens, watches, cell phones, cameras and other articles to school. Money should not be lent or borrowed or articles given or exchanged except with the knowledge of the teacher or the Principal. If anything is lost, the school will not be responsible.

4. As again, if any accident or mishap occurs within the school campus because of student's own carelessness or deliberate action, the school in this case won't be responsible.

The whole-hearted co-operation of the parents /guardians is expected at all times in the formation of the character of their children.

With Warm Regards,

Principal
