STD-1 COMPUTER SCIENCE (2025-2026)

Lesson 1: Computer….. My Friend
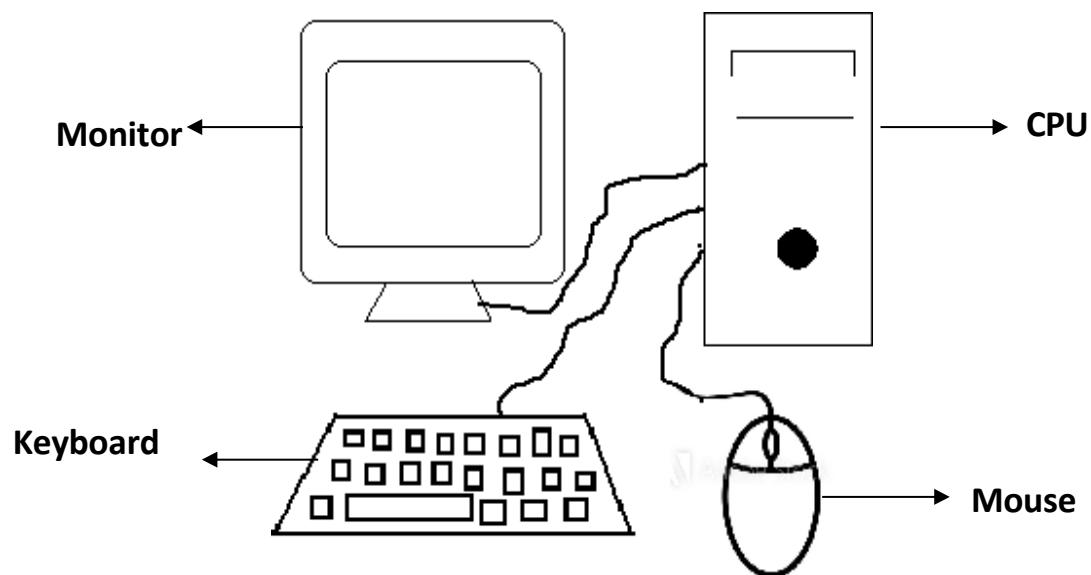

I. New words:

1. computer

2. monitor

3. keyboard

4. mouse

5. picture

II. Unscramble the parts of a computer:

1. ORMONIT   -   Monitor

2. PCU   -   CPU

3. BRDOAYEK   -   Keyboard

4. UOMES   -   Mouse

III. Draw a computer and name its parts:

Lesson 2: Computer…. A Machine

I. New Words:

1. machine

2. electricity

3. school

4. hospital

5. office

II. Write True or False:

|	
1. A Computer is a machine.	- **True**
2. All machines are made by man.	- **True**
3. Machines do not need electricity to run.	- **False**

III. Answer the following:

1. Why computer is called as machine?

Ans: Computer runs on electricity and works very fast.

2. Do machines save our time?

Ans: Yes, machines save our time.

IV. Draw any two machines.

Fan

Mixie

Lesson 3: Uses of computer

I. New words:

1. electronic

2. calculations

3. letters

4. information

5. task

II. Fill in the blanks:

1. A computer is an **electronic** machine.

2. We can **listen** to music on a computer.

3. A computer can **store** lot of information.

III. Match the following:

1. Play   -   games

2. Draw   -   pictures

3. Type   -   letters

4. Watch   -   cartoons

IV. Answer the following:

1. Write any two uses of computer.

Ans: i) It does calculations.

        ii) It carries out many tasks.

Lesson 4: The Monitor

I. New Words:

1. monitor

2. television

3. different

4. display

5. parts

II. Fill in the blanks:

1. A **monitor** looks like a television screen.

2. A **computer** has different parts.

3. When we type through the keyboard, it is displayed on the **monitor.**

III. Answer the following:

1. What can we see on the monitor?

Ans: We can see movies, cartoon and stories on the monitor.

Lesson 5: Using a mouse

I. New words:

1. click

2. buttons

3. pointer

4. double click

5. function

II. Fill in the blanks:

1. **Mouse** is kept on a desk.

2. A mouse has two or three **buttons.**

3. **Double click** means pressing the left mouse button twice quickly.

## III. Answer the following:

1. What is click?

Ans: Pressing the mouse button is called click.

2. Name the two types of mouse clicks.

Ans: i) Click   ii) Double click

IV. Draw a mouse and name its parts.

Lesson 6: The keyboard

I. New words.

1. keys

2. alphabet

3. number

4. special

5. keyboard

II. Write True or False:

1. The keys on which numbers are written are called special keys. - **False**

2. A keyboard has many keys. -**True**

3. A keyboard is used to click on a computer.-**False**

III. Answer the following:

1. What are alphabet keys?

Ans: The keys on which letters are written are called alphabet

keys.

2. What are number keys?

Ans: The keys on which numbers are written are called

number keys.

Lesson 7: Keyboard…… Special Keys

I. New words:

1. space bar

2. caps lock

3. cursor

4. enter

5. capital

II. Match the following:

1.   -   move to next line

2.   -   capital letters

3.   Cursor   -   blinking line

4.   Space bar   -   blank space

III. Answer the following:

1. Name the special keys on the keyboard.

Ans: Space bar, Enter Key, Caps lock.

2. Which is the longest key on the keyboard?

Ans: Space bar is the longest key on the keyboard.

3. What is a cursor?

Ans: A small blinking line on the monitor is called a cursor.

IV. Draw and name any two special keys:

Enter key   Caps lock

Lesson 8: Data and memory

I. New words:

1. data

2. memory

3. symbols

4. activity

5. remember

II. Fill in the blanks:

1. A computer has **memory.**

2. To work on a computer, we need to **enter** letters or numbers.

3. A computer cannot **work** on its own.

III. Answer the following:

1. What is data?

Ans: A data can be words, number or pictures.

2. How does computer remember things?

Ans: It has memory and stores lot of data.

Lesson 9: Storage in a computer

I. New words:

1. storage

2. pen drive

3. almirah

4. store

5. refrigerator

II. Match the following:

1. Refrigerator   -   store fruits
2. School bag   -   keep books
3. Office bag   -   files
4. Almirah   -   keep clothes and toys

III. Answer the following:

1. Name any two storage devices.

    i) Pen Drive   ii) CD-ROM

IV. Draw and name the storage device:

Pen Drive

Lesson 10: Drawing in a Computer

I. New words:

1. program

2. tool bar

3. canvas area

4. color palette

5. selector

II. Write the name of the tool to be used:

1. To start a new drawing   -   new tool

2. To draw anything   -   paint tool

3. To erase the drawing   -   eraser tool

4. To save the drawing   -   save tool

5. To open a saved drawing   -   open tool

III. Answer the following:

1. How to start a tux paint?

Ans: Click Start Button $\Longrightarrow$ All Programs $\Longrightarrow$ Select Tux Paint.

2. How to save your drawing in tux paint?

Ans: Click on the Save tool from the Tool bar to save the drawing.

IV. Draw the Tux Paint window:
